I declare that all the information in the application is to the best of my knowledge true and correct.

Applicants Signature:  Date:

# COMPLYING DEVELOPMENT CERTIFICATE

## AMENDED APPLICATION

### NOTES FOR COMPLETING APPLICATION

The following information **must** accompany applications for a Complying Development Certificate for building and subdivision work.

#### Note 1

##### Building Work

- a) Copies of compliance certificates relied upon;
- b) Four (4) copies of detailed plans:
  - The plan for the building must be drawn to a suitable scale and consist of a general plan and a site plan;
  - The general plan of the building is to:
    - Show a plan of each floor section;
    - Show a plan of each elevation of the building;
    - Show the levels of the lowest floor and of any yard or unbuilt area belonging to that floor and the levels for the adjacent ground;
    - Indicate the height, design, construction and provision for fire safety including location of smoke alarms and fire resistance (if any);
    - Include identifying plan number and date;
  - Where the proposed building work involves any alteration or addition to, or rebuilding of, an existing building, the general plan is to be coloured or otherwise marked to the satisfaction of the certifying authority to adequately distinguish the proposed alteration, addition or rebuilding;
  - Where the proposed building work involves a modification to previously approved plans and specifications, the general plans must be coloured or otherwise marked to the satisfaction of the certifying authority to adequately distinguish the modification;
  - The specification is:
    - To describe the construction and materials of which the building is to be built and the method of drainage, sewerage and water supply;
    - To state whether the materials proposed to be used are new or second hand and give particulars of any second hand materials to be used.
  - Where the application involves an alternative solution to meet the performance requirements of the BCA, the application must also be accompanied by:
    - Details of the performance requirements that the alternative solution is intended to meet;
    - Details of the assessment methods used to establish compliance with those performance requirements.
  - Structural engineers' drawings:
    - Where the proposed structure utilises the concrete slabs, footings, beams, stairs or steel beams, truss roof or other structural components, comprehensive drawings are to be submitted and certified by a practising Structural Engineer.
  - Stormwater:
    - All stormwater collecting as a result of the erection of, or alterations or additions to, a dwelling house or ancillary development must be conveyed by a gravity fed or charged system to:
      - A street drainage system under the control of the relevant public authority, or
      - An inter-allotment drainage system, or
      - An on-site disposal system approved under section 68 of the *Local Government Act 1993*, if the lot is unsewered.
    - All surface water run-off emanating from a sloping site as a result of the erection of, or alterations or additions to, a dwelling house or ancillary development must be collected and conveyed to a drainage system listed as listed above.

- Landscape Plan:
  - All new dwellings shall include a landscape plan that details the extent of existing soft landscaping and any additional landscaping proposed for the site.
- c) Evidence of any accredited component, process or design sought to be relied upon.

Under s 80(10A) of the Environmental Planning and Assessment Act 1979 building approval cannot be granted until any long service levy payable under section 34 of the Building and Construction Industry *Long Service Leave Act 1986* (or where such a levy is payable by instalments, the first instalment of the levy) has been paid. City of Canada Bay is authorised to accept payment. Payment of the levy (if applicable) must be paid prior to the release of the construction certificate;
- d) The list must describe the extent, capability and basis of design of each of the measures concerned.
- e) **Electronic copies of all supporting documents** in accordance with the following:
  1. **PDF Format** - All documents, plans, application forms etc must be submitted as separate PDF files for each document or plan or application form e.g. **site plans must be on one pdf document, elevations must be on another separate pdf document. Pdf documents can consist of numerous pages**, in accordance with Council's file naming protocol. Security settings must not be applied to electronic documents, this includes passwords.
  2. **Documents** - must be A4 formatted and optimised for minimum size (on-line publishing). Files larger than 4Mb should be broken up into logical parts and supplied as separate files.
  3. **Plans** - must be to scale and rotated to landscape.
  4. **File Names** - file naming conventions will apply to all electronic documents, including plans and application forms. File names are to match the document requirements listed the Building Certificate Checklist, for example: Point 1 - Survey Plan
  5. **Accuracy** - electronic documents must be exact reproductions of the original hard copy documents or plans.

**NOTE:** Electronic Documents lodged with Council will be published on Council's DA and Property Tracking Tool on our web page.

**Your electronic device will be returned to you once your Application has been determined by Council.**
